SUMMARY

Support Engineer with 1+ year of experience keeping production .NET and web applications running across Windows and Linux servers. Provide L1/L2 support, resolve outages and failed deployments, and automate releases through CI/CD pipelines for 14+ applications (4 in production) using GitHub Actions and Jenkins. Hands-on with Docker, IIS, Active Directory and monitoring with Prometheus, Grafana and Loki. B.Tech in Cybersecurity.

TECHNICAL SKILLS

Support & Systems: L1/L2 Support, Windows Server, IIS, Active Directory, Linux (Ubuntu), Microsoft 365
CI/CD & Scripting: GitHub Actions, Jenkins, Self-hosted Runners, Git, PowerShell, Bash, Ansible
Containers & Cloud: Docker, Kubernetes (k3s), AWS (S3, CloudFront)
Monitoring & Logging: Prometheus, Grafana, Loki, Promtail
Databases & Security: MySQL, PostgreSQL, Vulnerability Assessment, OWASP Top 10

PROFESSIONAL EXPERIENCE

Support Engineer | Naapbooks Limited, Ahmedabad **Jul 2025 – Present**

- Provide L1/L2 support for production applications and infrastructure across Windows and Linux servers
- Resolved ASP.NET Core startup failures (HTTP 500.30) and service outages (HTTP 503) on production IIS servers
- Built and maintain CI/CD pipelines for 14+ applications (4 in production) using GitHub Actions and Jenkins
- Scripted build and IIS deployment for .NET and Flutter Web apps, with PowerShell health checks before go-live
- Built Jenkins pipelines that deploy to a shared Ubuntu 22.04 web server hosting 7 domains, including database schema migrations
- Manage 25 Docker containers for 3 products on Ubuntu; moved one product's 6 containers to Kubernetes (k3s) for zero-downtime deployments
- Configured and maintained self-hosted runners for secure on-premises deployments
- Configured role-based access control (RBAC) for MySQL databases
- Rolled out standardized email signatures to all Microsoft 365 mailboxes using Exchange Online PowerShell

Penetration Testing Intern | Alicorn Solutions, Ahmedabad **Jan 2025 – Apr 2025**

- Performed penetration testing and vulnerability assessments on web applications against the OWASP Top 10
- Prepared vulnerability reports with clear remediation guidance for development teams

PROJECTS

CI/CD Pipeline Engineering & Deployment Automation | GitHub Actions, IIS, .NET, Flutter Web

- Built end-to-end CI/CD pipelines with build, test and deployment stages for .NET and Flutter Web apps on IIS
- Added environment-based configuration, secrets management, caching, parallel jobs and rollback-ready releases

Centralized Monitoring & Logging | Prometheus, Grafana, Loki, Promtail

- Built Grafana dashboards and alerts for IIS-hosted .NET apps, combining metrics and logs in one place to cut troubleshooting time

CloudOps Helpdesk on AWS | React, AWS S3, CloudFront

- Deployed a React helpdesk app on AWS using a private S3 bucket served through CloudFront with Origin Access Control (live demo)

EDUCATION

B.Tech, Cybersecurity | Silver Oak University, Ahmedabad | CGPA 7.52/10 **2022 – 2025**
Diploma, Computer Engineering | VPMP Polytechnic, Gandhinagar | CGPA 7.90/10 **2018 – 2022**

Languages: English, Hindi, Gujarati
